

01-131 Louisiana War Veterans Home

The Louisiana War Veterans Home, located in Jackson, was instituted in recognition of the growing long-term health care needs of increasing number of Louisiana veterans disabled by age, disease or otherwise, who by reason of such disabilities are incapable of caring for themselves and require an institutionalized setting. The projected number of veterans advanced in age will lead to a significant increase in the demand for long-term care services well into the future. The following is a breakdown and projections of the veteran population for the State of Louisiana by age, from 45 years of age to 85+ years of age, from year 2000 to the year 2020 furnished by the U.S. Department of Veterans Affairs.

The Louisiana War Veterans Home has only one program, Administrative. Therefore, the mission and goals of the Louisiana War Veterans Home are the same as those listed for The Louisiana Wart Veterans Home program in the description that follows.
